

# Salaried GP

## Forest Health Care

### Join our friendly practice

Forest Health Care are delighted to offer a unique opportunity for a Salaried General Practitioner to join our small, friendly team. Offering flexibility on the number of sessions/days worked, we can provide a competitive salary based on experience, NHS Pension and 8 weeks annual leave (pro-rata) including bank holidays. Upon joining Forest Health Care, you will be welcomed with a Golden Hello of £5,000 to support you in your move to our practice. Whilst we would like you to join our team ASAP, we are happy to wait for the candidate who is the right fit for our practice and patient population.

Located in one of the 'top 10' places to live in England, working at our practice provides good travel links to Gloucester, Bristol, Birmingham and London. The Forest of Dean is a beautiful area rich in heritage and wildlife, and well known for outdoor activities including woodland walks and mountain-biking. The area is served by > 5 secondary schools rated good or above along with several leisure centres and well-established football, rugby, hockey, cricket and running teams for all ages.

Supporting patients across both urban and rural communities, the practice prides itself on creating a warm, welcoming environment for both staff and patients. Our clinical team provide high-quality care to our 12,000 patients as well as supporting local Care homes, patients with Learning Disabilities and long-term condition management.

We pride ourselves on having strong relationships with our local community with patients visiting us in our purpose-built surgery in Cinderford and branch surgeries in Ruardean and Westbury-On-Severn. Forest Health Care are also a recipient of a Silver 'Green Impact' sustainability award, further strengthening our environmental objectives and responsibilities.

If you are a newly qualified GP, we would also support your application to the locally funded 'New to Practice' GP fellowship scheme and you will have the opportunity to work on a range of initiatives supporting reduction in Health Inequalities across our patient population.

#### Your Practice team

Alongside three GP partners your role as a salaried GP would be supported by our clinical team consisting of at least two salaried GPs, an urgent care team, a Nurse Clinical lead, Practice Nurses, HCAs and a Phlebotomist. Our extended team of Pharmacists, Care Co-Ordinators, Administrators and Care Navigators supports MDT working including attendance at a weekly clinical meeting.

To encourage collaborative working, the practice arranges regular social events and supports all staff with free parking onsite.

#### About our Practice:

- Good balance of telephone and F2F appointments. Pro rata duty and patient list allocation
- Specialist clinical interests encouraged and supported.
- Regular breaks and admin time.
- Regular PLT sessions combining a mix of formal and informal training in practice or with colleagues across the PCN.
- TPP SystemOne
- Good CQC rating

We would welcome the opportunity to discuss this opportunity further with interested candidates and are happy to arrange informal visits to our practice. If this is of interest, please contact our Practice Manager Caroline Cinderey on [caroline.cinderey1@nhs.net](mailto:caroline.cinderey1@nhs.net) or alternatively, please submit your CV and covering letter. We welcome informal visits to the practice.
